

OQTA Clock Connection Setup

OQTA Clock Connection Setup 1

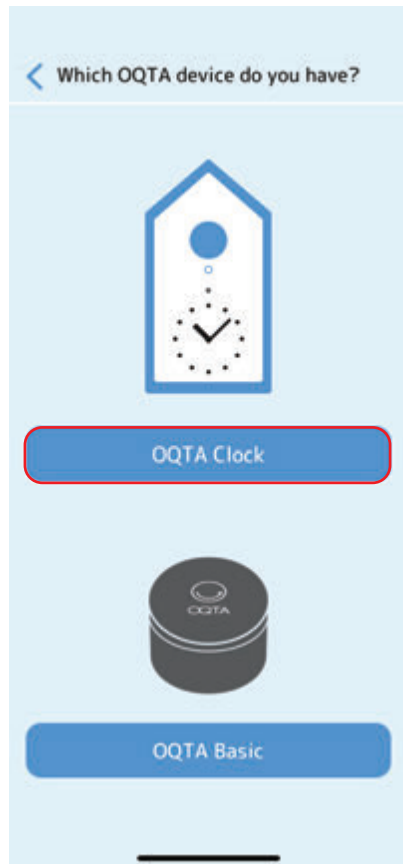

Go to the settings menu from the icon in the bottom right.

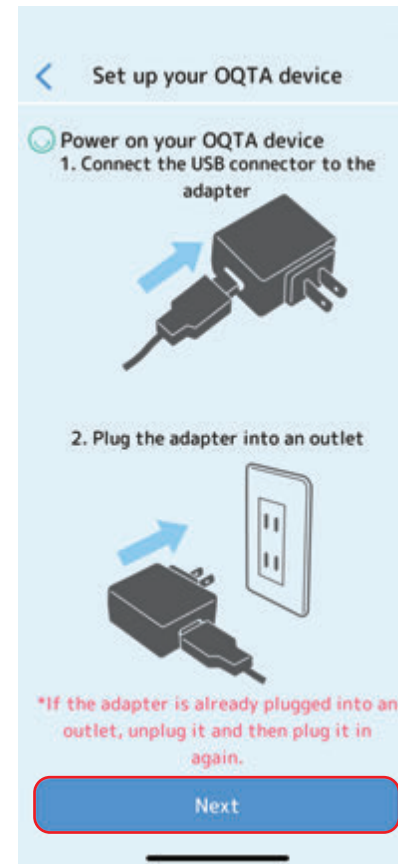

Tap “Create a new circle.”

OQTA Clock Connection Setup 2

Tap “OQTA Clock.”

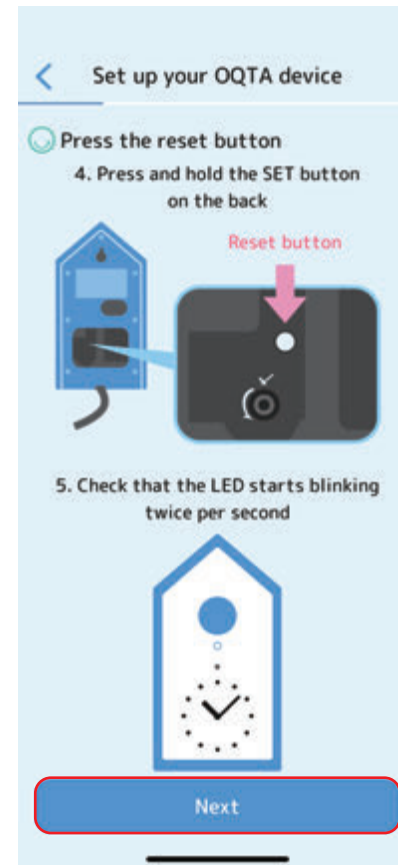

Follow the steps to power on your OQTA Clock. Then, tap “Next.”

OQTA Clock Connection Setup 3

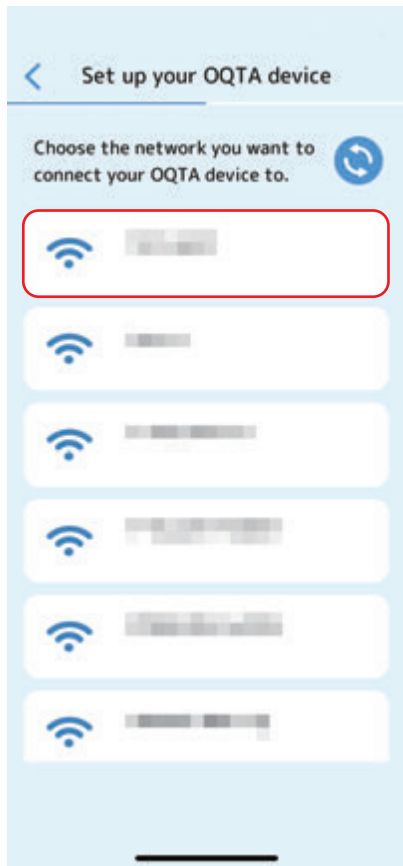

Make sure the LED light on the front of your OQTA Clock is NOT flashing, then tap "Next."

Press and hold the SET button on the back of your OQTA Clock. After you see the LED light on the front flash twice, tap "Next."

OQTA Clock Connection Setup 4

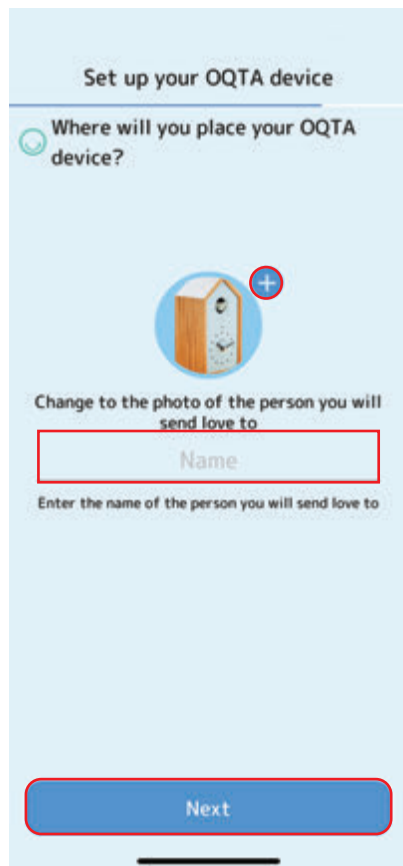

Select a Wi-Fi network you want to connect your OQTA Clock to.

Enter the password of the Wi-Fi network, then tap "Next."

OQTA Clock Connection Setup 5

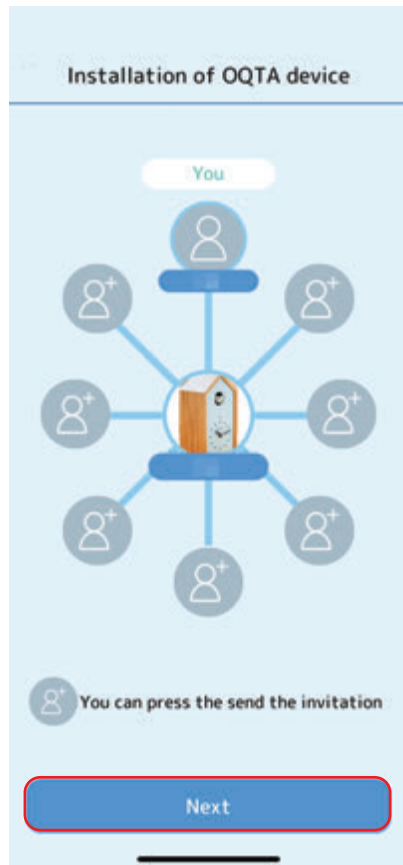

Enter the name of the person who will be given your OQTA Clock. You can also change the profile picture here.
*You can change it at any time.
Tap “Next.”

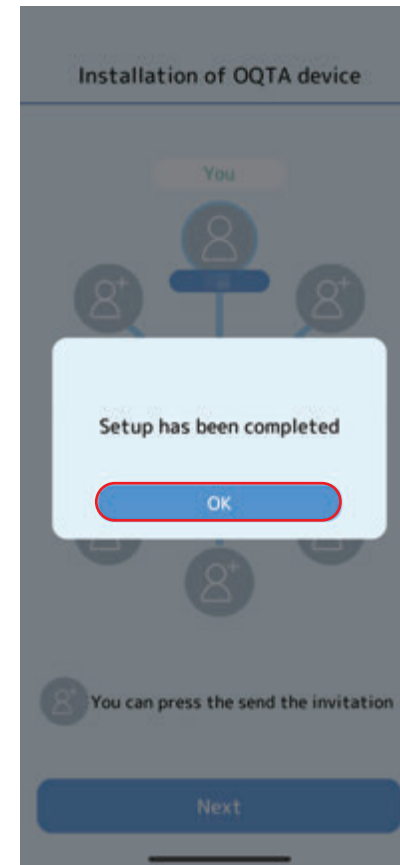

Tap the round icon in the center. Within up to 30 seconds, the bird should call as many times as you tap.
If it does, tap “Next.”

OQTA Clock Connection Setup 6

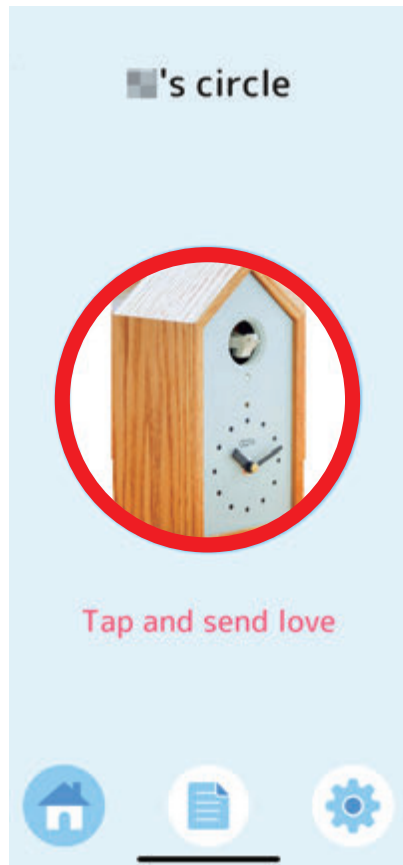

Invite up to seven more senders to your circle.
*You can invite senders at any time. Tap “Next.”

Your OQTA Clock has been successfully set up if you see the message shown left. Tap “Yes” to finish the setup.

OQTA Clock Connection Setup7

You can make your OQTA Clock call by tapping the icon in the center.
